MEMORANDUM FOR: Deputy Director of Central Intelligence

THROUGH : Chairman, Executive Career Service
Executive Director
Director of Personnel

FROM : Robert M. Gates
Chairman, National Intelligence Council

SUBJECT : Request for Approval to Employ Major General
David W. Einsel, Jr., U.S. Army (Ret.) at the
SIS-04 Level

1. This memorandum contains a recommendation for your approval in paragraph 3.

2. Major General David W. Einsel, Jr. retired from the U.S. Army on 30 June 1985, after almost 35 years of active commissioned service and has been asked to join the National Intelligence Council (NIC). Immediately prior to his retirement, MG Einsel was assigned as the Deputy Assistant to the Secretary of Defense (Atomic Energy) where he has served since August 1980. He was simultaneously the Executive Secretary of the Military Liaison Committee to the Department of Energy, responsible for all DoD nuclear weapons programs. His military experience and background make him uniquely qualified for this assignment to the NIC as the National Intelligence Officer at Large, responsible for Nuclear Proliferation and Chemical and Biological Warfare.

3. In view of the foregoing, it is requested that Major General Einsel be approved for assignment to the NIC as the NIO/AL in Position AC016, an SIS-04 position. No vacancy notice has been issued because of the unique qualifications required and the availability of such an excellent candidate as MG Einsel.
